This report covers the period January – June 2026 and summarises our reach, programmes, partnerships and priorities for the remainder of the year.

WHO WE ARE

About She's Safe

She's Safe is a community-driven social impact initiative committed to creating safer environments for women, girls, young people, and vulnerable communities.

We believe that safety extends beyond protection from violence. It also includes digital safety, emotional wellbeing, financial security, access to trusted support systems, and the confidence to thrive in everyday life.

By combining technology, community education, advocacy, and partnerships, She's Safe creates opportunities for people to learn, engage, and contribute to building safer communities.

Our work focuses on empowering individuals with practical knowledge, fostering open conversations around safety, and developing innovative solutions that improve access to information and support.

HOW WE WORK

Technology

Digital tools that widen access to safety information and support.

Education

Practical learning on digital, financial, and personal safety.

Partnerships

Working with institutions that share our commitment to safer communities.

LEADERSHIP

A Message from the Founder

Dear Friends, Partners and Supporters,

As we reflect on the first half of 2026, we are reminded that meaningful change begins with conversations, community, and collective action.

This year has been one of growth for She's Safe. We have expanded our reach through online discussions, community engagements, awareness campaigns, and mentorship opportunities. These efforts have enabled us to engage with more than 2,500 people — primarily women, girls, young people, and allies — on issues that affect their everyday safety and wellbeing.

Our conversations have covered mental health, digital safety, financial literacy, youth empowerment, and personal development. Beyond awareness, we have continued developing She's Safe as a platform that uses technology to improve access to information and build safer communities.

This progress has been made possible through the support of volunteers, mentors, partners, community members, and everyone who has believed in our mission.

As we look ahead, we remain committed to expanding our impact, strengthening partnerships, improving our technology, and ensuring that more communities have access to safety education and support.

Thank you for walking this journey with us.

Jacinta Kazenzi

Founder & Executive Director, She's Safe

OUR DIRECTION

Vision & Mission

OUR VISION

A world where every woman, girl, and vulnerable individual lives in a safe, informed, and empowered community.

OUR MISSION

To leverage technology, education, and partnerships to promote safer communities by empowering individuals with knowledge, access to support, and opportunities to actively contribute to their own safety and wellbeing.

Safety is not a single outcome. It is digital, emotional, financial and physical — and it is built together.

WHAT GUIDES US

Our Values

Five principles shape how we design programmes, choose partners, and show up in the communities we serve.

01

Community

We believe lasting change begins within communities.

02

Innovation

We embrace technology as a tool for solving social challenges.

03

Inclusion

Safety is a right that should be accessible to everyone.

04

Collaboration

We achieve greater impact by working together.

05

Empowerment

Knowledge empowers individuals to make informed decisions about their safety.

WHERE WE HAVE COME FROM

Our Journey So Far

Since our inception, She's Safe has continued to grow from an idea into a movement focused on creating safer communities through education, technology, and partnerships.

Over the first half of 2026, our work has centred on awareness, capacity building, community engagement, and expanding conversations around safety. Through both virtual and physical engagements, we have reached communities across different backgrounds while strengthening the foundation for future growth.

FIRST HALF 2026 AT A GLANCE

JAN

Dream • Plan • Achieve

Goal-setting and personal development session opens the year with 44 participants.

JAN–MAR

Tunga Mentorship Programme

Organisational capacity building in leadership, strategy and sustainability.

FEB

Real Talk

Open forum on the challenges facing young people — our largest early-year turnout.

MAR–APR

Financial Safety & Cyber Hygiene

Two practical skills sessions on money confidence and digital resilience.

MAY

Mental Health & Digital Wellbeing

Highest-attended virtual session of the half-year with 53 participants.

H1

Showcase & Outreach

STRI4SOCIETY innovation showcase and a back-to-school community session.

JANUARY – JUNE 2026

Mid-Year Highlights

A snapshot of what the first six months of 2026 delivered across reach, programming and organisational growth.

2,500+

Individuals reached

Through community engagement and awareness initiatives.

5

Virtual community events

Monthly online sessions from January to May 2026.

2

Physical outreach engagements

In-person community and school-based sessions.

1

National innovation showcase

STRI4SOCIETY Week 2 with KCA University and the British Council.

1

Mentorship programme completed

The Tunga Mentorship Programme, January to March 2026.

Growing

Digital community

Steady growth across all our social media platforms.

HOW WE ENGAGE

Our Impact & Focus Areas

Throughout the first half of 2026, She's Safe continued creating spaces where communities could openly discuss safety-related issues affecting everyday life.

Our engagement strategy combined virtual learning sessions with in-person outreach, ensuring accessibility while strengthening community connections.

KEY FOCUS AREAS

Digital Safety

Passwords, privacy and recognising online threats.

Mental Health

Emotional wellbeing, burnout and seeking support.

Financial Safety

Budgeting, fraud awareness and money habits.

Youth Empowerment

Confidence, opportunity and honest dialogue.

Personal Development

Goal setting, resilience and growth planning.

Community Wellbeing

Safe spaces and shared responsibility for safety.

Accessibility first: every virtual session is free to join, and physical outreach brings the same content to communities offline.

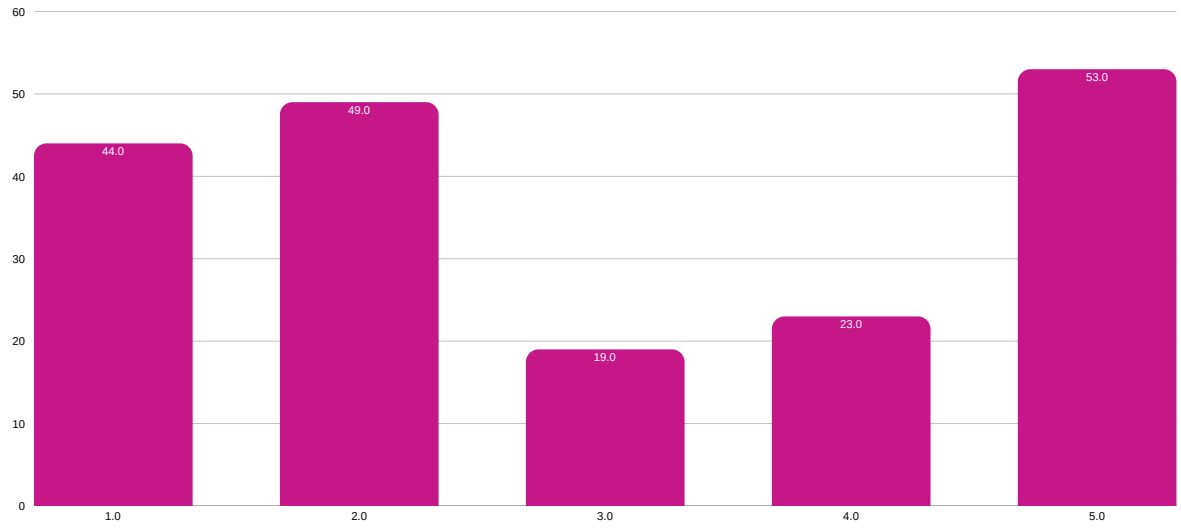

VIRTUAL PROGRAMMING

Online Community Engagement

Between January and May 2026 we hosted five virtual community sessions, drawing 188 participants in total. Each session paired practical skills with open discussion.

5	188	38	53
Sessions hosted	Total participants	Average attendance	Largest session

PARTICIPANTS PER SESSION

WHAT THE NUMBERS TELL US

- Attendance grew through the half-year, peaking with the May session on mental health and digital wellbeing.
- Skills-based sessions on money and cybersecurity drew smaller but highly engaged groups.
- Open-discussion formats consistently attracted the widest participation.

VIRTUAL SESSIONS · JAN – FEB

Session Highlights I

44 joined 20 January 2026

Dream • Plan • Achieve

This session encouraged participants to begin the year with purpose by exploring personal development, goal setting, resilience, and planning for success. Attendees reflected on setting realistic goals while understanding the importance of wellbeing in achieving them.

KEY TAKEAWAYS

- Setting intentional goals
- Building confidence
- Creating personal growth plans
- Maintaining motivation through the year

49 joined 17 February 2026

Real Talk: What Challenges Do Young People Face?

This open discussion created a safe environment where young people shared experiences about unemployment, mental health, financial pressures, digital risks, and navigating adulthood. The session encouraged honest dialogue while highlighting the importance of community support.

KEY DISCUSSION AREAS

- Mental wellbeing
- Employment challenges
- Digital safety
- Social pressures
- Building resilience

Together these two sessions reached 93 participants — the strongest start to a year in our history.

VIRTUAL SESSIONS · MAR – MAY

Session Highlights II

19 joined 12 March 2026

Financial Safety

Financial wellbeing plays an important role in personal safety. This session introduced participants to financial literacy concepts, fraud awareness, budgeting, and responsible financial decision-making.

TOPICS COVERED

- Budgeting
- Scam awareness
- Financial planning
- Healthy money habits

23 joined 22 April 2026

Cyber Hygiene & Digital Resilience

As digital threats continue to evolve, this session equipped participants with practical cybersecurity knowledge. Participants learned how to strengthen their online security while confidently navigating digital platforms.

TOPICS COVERED

- Password management
- Multi-factor authentication
- Online privacy
- Recognising cyber threats
- Digital resilience

53 joined 28 May 2026

Mental Health & Digital Wellbeing

Technology has transformed how we live and connect, but it also presents new challenges to mental wellbeing. This discussion explored practical strategies for balancing digital engagement with healthy habits while encouraging participants to seek support when needed.

TOPICS COVERED

- Healthy technology use
- Digital burnout
- Online relationships
- Emotional wellbeing
- Self-care

IN-PERSON OUTREACH

Physical Community Engagement

Alongside our virtual programme, two in-person engagements took She's Safe directly into rooms with students, innovators and community members.

01

STRI4SOCIETY Week 2 Innovation Showcase

She's Safe proudly participated in STRI4SOCIETY Week 2, organised through the collaboration of KCA University and the British Council.

The showcase provided an opportunity to present She's Safe to innovators, students, educators, and stakeholders interested in technology for social impact.

Our participation helped increase awareness of our mission while creating opportunities for networking and future collaboration.

02

Back-to-School Community Outreach

She's Safe conducted a community awareness session at Zimmerman Parish Church, engaging students as they prepared to return to school.

The session focused on personal safety, making informed decisions, responsible technology use, and building confidence to navigate everyday challenges.

Through interactive discussions, students were encouraged to seek support, make safe choices, and contribute to creating positive communities.

ORGANISATIONAL GROWTH

Building Capacity Through Mentorship

Tunga Mentorship Programme

January – March 2026

Guidance from experienced mentors in leadership, strategy, organisational development and sustainability.

The mentorship journey strengthened our organisational capacity and sharpened how we plan, lead and design programmes — improvements that now sit behind every session we run.

KEY OUTCOMES

1. **Improved strategic planning**
2. **Strengthened organisational leadership**
3. **Enhanced programme development**
4. **Expanded professional networks**
5. **Greater confidence in long-term organisational growth**

Stronger internally means steadier externally — capacity built in Q1 is what allowed us to sustain monthly programming through Q2.

REACH BEYOND THE ROOM

Growing Our Digital Community

Our digital platforms have continued to grow steadily throughout the year. By maintaining consistent communication, educational content, and awareness campaigns, She's Safe has built an engaged online community interested in conversations around safety and wellbeing.

This consistent engagement has enabled us to extend our reach beyond physical events and connect with audiences across different regions.

WHAT WE PUBLISH

Education

Explainers on digital, financial and personal safety.

Practical tips

Short, usable guidance people can act on today.

Community stories

Voices and experiences from the people we serve.

Event updates

Announcements and recaps of our sessions.

Advocacy

Campaigns that push safety up the public agenda.

Platform news

Progress on the She's Safe technology platform.

WHO WE REACHED

Community Impact

2,500+

people directly or indirectly engaged with She's Safe during the first half of 2026.

OUR AUDIENCE

- Women
- Girls
- Young people
- Students
- Community leaders
- Digital safety advocates
- Allies supporting safer communities

Beyond attendance numbers, our greatest achievement has been creating safe spaces for meaningful conversations and empowering communities with practical knowledge.

WORKING TOGETHER

Partnerships & Collaboration

We recognise that sustainable impact cannot be achieved alone. Collaboration remains central to our work.

We continue building relationships with organisations that share our commitment to safer communities, and are actively seeking partnerships across the following sectors.

WE ARE SEEKING PARTNERS AMONG

NGOs

Universities

Schools

Community-Based Organisations

Government Institutions

Technology Companies

Corporate CSR Programmes

Development Partners

Researchers

Together, we can expand our reach, strengthen community programmes, improve technology, and increase access to safety education.

REFLECTIONS

Lessons from the First Half of 2026

Six months of programming taught us as much as it taught our participants. These lessons now shape our plans for the rest of the year.

01 **Communities are eager for honest conversations about safety.**

Attendance was strongest wherever we made room for open, unscripted discussion.

02 **Young people value spaces where they feel heard.**

Our Real Talk format drew one of the highest turnouts of the half-year.

03 **Technology is most effective when combined with community engagement.**

Digital tools widen access; human facilitation is what builds trust.

04 **Partnerships accelerate impact.**

The showcase and mentorship both opened doors we could not have opened alone.

05 **Consistency builds trust.**

A predictable monthly rhythm turned one-off attendees into a returning community.

06 **Every conversation creates an opportunity for change.**

Small sessions produced some of the most practical, applied learning.

JULY – DECEMBER 2026

Looking Ahead

During the second half of 2026, She's Safe aims to deepen impact, widen access, and strengthen the platform behind our work.

OUR PRIORITIES

1. **Launch additional community awareness programmes.**
2. **Strengthen partnerships across sectors.**
3. **Improve the She's Safe platform.**
4. **Expand outreach to additional communities.**
5. **Increase educational resources on digital safety.**
6. **Develop stronger referral pathways for support services.**
7. **Publish community safety insights.**
8. **Continue advocating for safer communities through innovation and collaboration.**

Every priority above is measured against one question: does it make safety information easier to reach for the people who need it most?

GET INVOLVED

Partner With Us

There are many ways to work with She's Safe. Whether you bring funding, expertise, reach, or time, there is a role for you in building safer communities.

WE WELCOME PARTNERSHIPS IN

- **Community Outreach**
- **Technology Development**
- **Research**
- **Capacity Building**
- **Corporate Social Responsibility**
- **Programme Sponsorship**
- **Digital Safety Education**
- **Youth Engagement**
- **Volunteer Programmes**

Together, we can create greater impact than any one organisation can achieve alone.
